DESCRIPTION

Anvil Cottage is a substantial and individual family house, set in a fabulous location and with views across to the Hackpen White Horse and Marlborough Downs. This contemporary property is constructed of white rendered elevations under a tiled roof and offers flexible accommodation over two floors.

The generous kitchen/breakfast room, complete with Aga and a range of built-in units, provides an excellent family space. There is a great flow to the downstairs space and no shortage of reception rooms. Of particular note is the spacious drawing room which is centred around the wood burning stove and has doors off leading to both the conservatory and dining room. The ground floor also benefits from a cloakroom, utility room and boot room.

The principal bedroom boasts a balcony overlooking the gardens and enjoys an abundance of built-in wardrobes and en-suite shower room. The four further bedrooms on the first floor are served by the family bathroom.

A vaulted garden room links the main body of the house to the family room / playroom, above which is a useful self-contained studio with ensuite shower room.

Adjoining the house is a large integral barn/workshop which offers an incredibly handy flexible space, with external access to the stable courtyard.

OUTSIDE

The house is approached via a driveway, leading to a courtyard and parking area. There are two stables and hay barn as well as a two-bay car port. The house sits in just over 1 acre of grounds with the gardens predominantly to the south of the house. The garden is mainly laid to lawn with a variety of mature trees and shrubs and an outdoor swimming pool. A sizeable vegetable garden is found to the rear of the property with 10 full sized beds and 3 half sized beds. Over the years, the owners have successfully grown all manner of fruit and veg, including asparagus, rhubarb, strawberries, gooseberries and even cobnuts. Anvil Cottage offers the perfect place to eat what you grow with endless opportunities.

The paddock is located just the other side of the lane and is of predominately level pasture totalling approximately 2.5 acres. It has direct access from the lane, with a metered water supply with a trough, and a field shelter.
